Barn 2261 Auron

Located at the entrance to the resort, this barn dating from the 18th century has been transformed into a family cocoon of 120 m2 spread over three levels. Completely redesigned with taste, this property has subtly retained its character in a beautiful chalet-style renovation. Its beautiful luminosity and its distribution reveal its true charm. On one level, the barn hosts a warm living space with a fireplace opening onto an American kitchen. On the lower floor, two bedrooms in the attic share a bathroom with WC and a living room / games room. This building has upstairs a master suite equipped as a guest apartment with its separate entrance and its kitchenette. Three sleeping areas (double beds) and a laundry room complete this property. Quiet, this discreetly twinned barn offers a timeless living environment that invites conviviality.
