House 3875 Montpellier

U-shaped, benefiting from grounds of approx. 3,000m² with swimming pool and uninterrupted views. Designed by an architect, this generously proportioned home with its clean, well thought-out lines has been renovated using quality materials such as waxed concrete on the ground floor and superb exposed stonework. The living room is completely open onto a large terrace, as is the dining room, which is an extension of the open, fully-equipped kitchen. At night, upstairs, there are three vast suites, each with its own shower room and toilet. Adjoining the house is a flat with two bedrooms, each en suite with its own shower room: an independent module with a host of possibilities. There is also an independent studio apartment. Underfloor heating, reversible air conditioning and plenty of parking.

Situated in a bucolic setting, with a pleasant pool area out of sight and quiet, this is one of the rarest properties in this sought-after area of Montpellier. File in progress
