House 3695 Saint-Rémy-de-Provence

STYLES private collection - A superb property with breathtaking views, located in the heart of the Alpillles mountains, offering rare features and attention to detail. At the bend in one of the region's most beautiful roads, the gate opens onto an avenue of cypress trees leading to the three-hundred-year-old olive tree that guards the entrance to the building. Reminiscent of a hamlet, the first courtyard, adorned with an ancient fountain, welcomes visitors and gives access to a suite treated as an independent studio, a gym and sauna, and the main door of the house, which opens onto an incredible panorama. Like a painting, the Alpillles mountains literally come into view. A vast swimming pool with unique views over the Opies and as far as the Sainte Victoire in the background, a petanque court, open and covered terraces complete the setting for unparalleled sunsets. A unique, unspoilt property with luxury amenities and rare, unique views, like a Cézanne painting revisited. File on request.
